CRITICAL EVALUATION OF SOURCES

No matter where you find information you must determine if it is a credible and reliable source to use for research, especially on the Internet. WHY?

CARBS Lite

ACK of guidelines
There are no formal policies in place regarding the Internet

INSTABILITY of information
Information can appear and disappear from one day to the next

TOUGH to monitor
No one formally monitors the Internet

QUAL ability to create content
Anyone can add content

Remember your CARBS Lite!
